WE ARE

The European External Action Service (hereafter, the “EEAS”) supports the High Representative in the exercise of his/her mandate to conduct and implement an effective and coherent EU Common Foreign and Security Policy (hereafter, the “CFSP”), to represent the EU and to chair the Foreign Affairs Council.

It also supports the High Representative in his/her capacity as Vice-President of the Commission with regard to his/her responsibilities within the Commission in the external relations field, including the coordination of other aspects of the EU’s external action. The EEAS works in close cooperation with the EU Member States as well as the General Secretariat of the Council, the services of the Commission and the Secretariat General of the European Parliament.

MD GLOBAL aims at ensuring a strategic and coherent external action, aligned with the internal and external aspects of the Commission's work and enhancing the working relationship between the Commission and the EEAS on the one hand, and EEAS and multilateral organisations on the other.

The Directorate on Global Issues (GI) of MD GLOBAL aims at supporting strategically the external dimension of EU thematic policies on green diplomacy, on economic and global health issues, on digital and connectivity, and on migration and human security. Aligning internal and external dimensions of policies, preparing EU positions to be taken in international fora, in particular as a means to implement the 2021 communication on multilateralism, or defending human rights, will enhance the role of the EU as a global player.

Division GLOBAL.GI.5 – Financing Instruments and International Cooperation, aims at ensuring that international cooperation is an integral part of EU external action. Our work is in support of a more interest driven, geo-economic and comprehensive approach to cooperation and one sensitive to the priorities of the so called “Global South” (International financial architecture, global food security, SDGs, fragility responses etc.). We coordinate EEAS engagement on the European Financial architecture for Development (EFAD) including the relations with EIB and EBRD and implementation of the Team Europe approach. We maintain institutional relations on development cooperation and humanitarian aid with the European Parliament, as well as with the Council Working groups

It coordinates within the EEAS, the institutional engagement on key financing modalities for external assistance, including Macro-financial assistance, EFSD+ and budget support.
