In accordance with the Rules applicable to national experts seconded to the European Defence Agency (2016/1352), Seconded National Experts are seconded to the Agency while remaining in the service of their national employer and continuing to be paid their national salary by that employer. Therefore, in order to be considered in the selection process, candidates for an SNE post must be sponsored by their national authorities. Confirmation is required in the form of a letter of sponsorship addressed to the Agency as far as possible by the closing date for the receipt of applications; and in any case not later than the recruitment date. The Rules are available on the EDA website <http://www.eda.europa.eu> - vacancies.

The selection of candidates will follow the EDA Staff Recruitment Procedure. Candidates must apply for this post via the EDA website <http://www.eda.europa.eu> - vacancies. Please note that to make an EDA on-line application you will need to create your EDA profile using a valid e-mail address and a password.

1. BACKGROUND

The European Defence Agency was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency.

The Agency has its headquarters in Brussels.

The main task of the EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. Three operational directorates: Cooperation Planning & Support; Capability, Armaments & Technology; and European Synergies & Innovation and the Corporate Services Directorate.

2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

3. THE CAPABILITY, ARMAMENT & TECHNOLOGY DIRECTORATE

The Capability, Armament & Technology directorate prepares the programmes of tomorrow by maximising synergies between capabilities, armaments and Research & Technology. The directorate brings together the Agency's work in the areas of: Information Superiority (Communication & Information Systems, Surveillance & Reconnaissance, Space, Cyber Defence; Air (Remotely Piloted Aircraft Systems, Air-to-Air Refuelling, airlift and aerial systems technologies); Land and Logistics (Counter-IED, armoured systems, camp protection and land systems technologies, land systems, ammunitions, medical support and deployability); Maritime (Maritime Surveillance, Mine Counter Measures and naval systems technologies); and the Joint domain (mobility, transport, medical and Ammunition). Particular attention is given to identifying future Critical Defence Technologies needed to support military capabilities.

4. DUTIES

Under the supervision of the Head of Unit Land and Logistics, the jobholder will be responsible for/contribute to the following activities:

- promote and manage Agency initiatives in the capability domain of "Deploy" by ensuring project continuity and providing impulse to new initiatives in the area of deployability;
- support the Land&Logistics Unit in the identification of effective solutions in the field of "Deploy", with particular reference to Strategic and Tactical Transportation by air, sea, inland water-ways and land;
- manage the activities held at expert level, with specific reference to meetings (EDA Project Teams, Ad Hoc Working Groups, etc.), conferences, seminars, etc;
- plan and manage activities funded by the Agency's Operational Budget;
- facilitate the establishment of Ad Hoc projects aimed at enhancing pMS' capabilities development;
- assure the appropriate level of transversal coordination at Agency level, ensure coherence in capability development work and contribute to the activities performed by R&T in the field of Deployability;
- coordinate and maintain appropriate links with Member States' representatives as well as with any relevant EU institutions and civil or military stakeholders;
- contribute to the preparation and management of Capability Point of Contacts meetings in the areas of "Deploy" and supporting in the areas of "Sustain", "Engage" and "Protect";
- take on additional tasks as required in the interest of the service.

Duties may evolve depending on the development of EDA structure and activities and decisions of EDA management.
