VISITS TO NATO HEADQUARTERS AND OUTSIDE LECTURING

During the course of the year under review, 11,638 visitors, representing 381 different groups, were received from the following sectors of public opinion: journalists, TV and radio correspondents, parliamentarians and prospective parliamentary candidates, youth and student groups and their leaders, professors, teachers, members of the armed forces and other miscellaneous groups. Among these sectors of public opinion the youth groups formed the bulk of the visitors to this headquarters - more than one third of the total number of visitors.

During the visits to this headquarters, special emphasis has been put on East/West relations, NATO's contribution towards détente and the defence efforts made by the member countries. However, most visitors have been questioning the wisdom behind the period of détente when there was no clear evidence of the easing of tension and of improving the circumstances as far as the Helsinki agreement for human rights was concerned. Particularly, the Soviet interference in Angola soon after the signing of the Helsinki agreement has cast doubts on détente. Also the hardening of the Soviet attitude towards the dissidents raised some questions about the advantages of the post-Helsinki period. Series of questions were also asked on the possibility of communist participation in Western governments, on the political situation in Portugal, on the possibility of future Spanish participation in the Alliance and some concern was expressed about the Eastern flank and the Soviet military build-up.

Not only the members of the International Secretariat, but also the national delegations to NATO, continued to travel to the member countries of the Alliance to address audiences on NATO matters and to discuss the problems confronting the member countries. Some of these missions abroad resulted in both radio and TV programmes reaching even further audiences.

ELEMENT B

YOUTH AND EDUCATION

(Conferences, Seminars and Courses)

In the field of youth there were some encouraging signs in the youth activities organised on a national basis. There was a considerable increase in the number of seminars and conferences for university students during the course of 1976 which amounted to 39 different youth activities on NATO, representing 11 more than the previous year. The reason behind this increased interest in NATO matters may lie partly in the fact that in some of the member countries students were encouraged to study NATO during their courses.

There were also another ten more international youth activities in various member countries. NATO's rôle in furthering détente was stressed in these activities and youth groups have started to become more aware of the fact that, in this period of détente, the Soviet efforts in strengthening their forces and the handling of their dissidents, were incompatible with the spirit of the Helsinki agreements.

This office also took the initiative to organise a NATO simulation exercise for a group of 70 students based both in Belgium and the Netherlands. During this exercise the students acted both ambassadorial and ministerial rôles in their day-long meeting. All the reports seem to indicate that this activity turned out to be so successful that more schools are interested in taking part in the simulation exercise planned for the current year.

ELEMENT D

NON-PERIODICAL PUBLICATIONS1. PRODUCTIONCurrent Publications (see List Page)

During 1976, the NATIS publishing programme remained based on the following series of publications:

(a) Reference

- (i) NATO: Facts and Figures
- (ii) NATO Basic Documents
- (iii) NATO Final Communiqués

(b) Background Documentation

- (i) Non-Military Co-operation in NATO
- (ii) The Atlantic Alliance and the Warsaw Pact
- (iii) Future Tasks of the Alliance (Harmel Report)

(c) Specialised Publications

- (i) Economic Symposia Publications
- (ii) Aspects of NATO Series
A series of single-subject studies, e.g.
Scientific Co-operation, Military Exercises, etc..
- (iii) EUROGROUP Report
Produced by Eurogroup Secretariat and issued by NATO

(d) General Purpose Publications

- (i) NATO Handbook
- (ii) NATO Felders
(Hand-out material for NATO displays, etc.)
- (iii) Wall Charts and Posters
(For issue to schools, military units, etc.)
- (iv) Information Notes for Speakers

NB. Details of the above are given in the NATO PUBLICATIONS LIST. (Revised annually)

2. DISTRIBUTION

The general distribution plan continued to be as follows:

(i) Major Bulk Issues

From printers direct to countries possessing national distribution agencies, viz. Canada, FR Germany, UK and US.

ELEMENT D

(ii) Minor Bulk Issues

From NATIS to Delegations, national Ministries, Atlantic Committees and other Non-Governmental Organizations, NATO MSCs and other Military HQs etc.

(iii) Individual Issues

On NATIS computerized mailing lists and in response to written requests. Also to visitors to the Headquarters through Self-service points.

3. PRODUCTION AND PRINTING SCHEDULE (See List Page)

This schedule reflects the main trend of the 1976 printing programme. It should be noted, however, that since the programme is continuous from one year to another some recording duplication is inevitable e.g. a major publication like NATO Facts and Figures may be budgeted in one year but not completed and distributed until the next.

4. FINANCIAL SUPPORT FOR PUBLICATIONS PRODUCED BY NON-GOVERNMENTAL ORGANIZATIONS, ETC. (See List Page)

This list gives details of grants-in-aid given towards the production of publications by various national Atlantic Committees and other Non-Governmental Organizations during 1976. It also lists the purchase by NATIS of national publications deemed useful to the NATO Information effort within member countries. In 1976 this level of support to NGOs represented approximately 45% of the Publications budget and this trend is expected to rise above 50% in 1977.

ELEMENT E

(TV - FILMS - RADIO)(TV PRODUCTION AND FACILITIES)MINISTERIAL MEETINGS AND OTHER EVENTS

NATIS support during Ministerial Meetings and other events included the following:

1. The use of NATO cameramen in security zones and for interviews during Ministerial of May and December, and DPCs of June and December.
2. Services, film material and/or facilities were provided to 40 networks, as well as to Eurovision, Visnews and UPITN.
3. A NATO Cameraman covered the December Ministerial in 35mm for Fox Movietone news distribution in U.K. theatres.
4. Eleven (11) interviews on film were conducted with NATIS assistance in addition to 37 Norwegian (in May) and 28 Belgian (in December) TV interviews for a combined total air time of some 8 hours.

The fifteen (15) NATO countries and twenty-one (21) non-NATO countries received NATO coverage of the above meetings through Eurovision, TV News agencies and networks.

SPECIAL PRODUCTION FOR TV

Four (4) 16mm colour TV clips were produced in 1976.

The NATIS film library now has on hand TV clips on twenty (20) NATO subjects. The usefulness of these clips continues to be amply demonstrated. They allow NATIS to react quickly to TV Networks' requests for footage, often on very short notice.

INTERVIEWS FOR TELEVISION

During 1976, twenty-nine (29) interviews were conducted in our studios throughout the year with NATO personalities. The Secretary General was interviewed eleven (11) times.

ELEMENT E

(FILM PRODUCTION)

1. A 10-minute, 35mm version for theatrical distribution, and a 12-minute, 16mm European version of the film "Europe and America", completed in 1975 for the Bicentennial market in the United States, were completed in 1976.

NOTE: The 27-minute, 16mm original version received the Public Relations Society of America top award for the best public relations film of the year; the CINE "Golden Eagle" award for the best educational film of the year; and the Columbus Film Festival's "Silver Chris" award for the best institutional film of the year. "Europe and America" was in direct competition with more than 400 Bicentennial films. In addition, in Belgium "Europe and America" and "Watch and Ward" received the "Prix Fémina".

2. The production of the film "THE GREAT HIGHWAY", on Soviet Naval presence and expansion, was completed.

3. The documentary film "THE TEAMWORKERS", on one of NATO's major exercises "Team-Work '76" was produced.

4. A fourth film, "SEARCH FOR SECURITY", is nearing completion.

LANGUAGE VERSIONS OF NATO FILMS

The Danish, Dutch, German, Italian, Norwegian and Turkish versions of "Watch and Ward" were completed in 1976.

French, Dutch and Italian versions of the European version of "Europe and America" were also completed.

Work on the French and Dutch versions of "The Great Highway" and "The Teamworkers" was started.

COVERAGE FOR NATO FILMS AND FOR THE NATO FILM LIBRARY WAS UNDERTAKEN ON THE FOLLOWING SUBJECTS:

"REFORGER" exercise, both in the USA and in Germany.

AIR TACTICAL WEAPONS MEET, in The Netherlands.

OIL RIGS, in Norway.

STANAVFORLANT, at sea and in The Netherlands.

"TEAM WORK '76" exercise.

ELEMENT E

NATO DIRECT DISTRIBUTION(COMPLETED FILMS, SPECIAL EVENTS AND DAY-TO-DAY)TV DISTRIBUTION (16mm)

In 1976, thirty-two (32) prints of completed NATO films in their 16mm format were distributed to networks for TV use. In addition, one hundred and twenty-five (125) TV clips (edited footage), forty-six (46) items from stock footage and three (3) selections from completed films were given to networks for NATO and NATO-related programmes.

Thus we assisted in the production of programmes by networks in Belgium, Canada, France, Germany, The Netherlands, Turkey, United Kingdom, United States - and Austria, Switzerland and Bulgaria.

The availability of this material continues to make TV programmes possible in a large number of cases and results in broader exposure being given NATO.

THEATRICAL (35MM) FILM DISTRIBUTION

"Versus" continued to be distributed to theatres in the United States by Modern Talking Picture Service until September, 1976, and "Europe and America" distribution was started in August.

In 1976, "Versus" was shown 9,020 times as a result of 818 bookings and was seen by 1,295,344 spectators. Since the start of this programme in 1973 close to 4,000,000 spectators have seen "Versus" in theatres.

"Europe and America" has been shown 9,126 times as a result of 846 bookings and was seen by 1,004,398 spectators.

DISTRIBUTION IN 35MM FORMAT AND 16MM

Distribution of "Atatürk Fifty Years Forward" continued in 1976 in the United Kingdom and British ships at sea, British bases overseas, and in Australasia through an agreement with EMI film distributors, at no cost to NATO.

RADIO ACTIVITIESMINISTERIAL MEETINGS AND OTHER EVENTS

Forty (40) networks from fifteen (15) countries including three (3) non-NATO countries used NATIS facilities on the above occasions.

On Dr. Kissinger's visit, 19 broadcast by 17 correspondents representing 14 networks originated from our studios.

In May, through NRK facilities, 120 broadcast by networks of 11 countries were originated from the Conference Centre. This amounted to thirty-nine (39) hours air time.

In December, 136 broadcast by 80 correspondents representing forty (40) networks originated from our studios.

During DPC and NPG meetings, 38 broadcast by representatives of 14 networks originated from our studios.

In addition, our facilities were used throughout the year to accommodate various networks conducting interviews with the Secretary General and other NATO personalities.

REPORT FROM NATO

This 15-minute programme covers various aspects of NATO and NATO-related activities. In 1976, twelve programmes were produced and distributed to 16 outlets. Some of these outlets re-distribute the programmes in whole or in part.

DISPATCH FROM NATO

This five-minute programme is distributed in the United States and Canada. One hundred and fifty (150) stations are taking it as well as the RKO organization in the United States. Including special "Dispatches", 29 of these programmes were distributed in 1976.

SOUND FACILITIES

The Radio/TV/Films Section also maintains all sound and sound recording facilities in the Press Theatre, as well as sound facilities used to provide commentary recordings, sound mixing etc. for NATO-produced films.

MISCELLANEOUS - GENERALRECORDING AND PLAY BACK OF TELEVISION PROGRAMMES AT NATO HQ

Our Video Cassette Recorder (VCR), which allows NATIS to copy television programmes received at NATO Headquarters and to replay them, or to replay copies of programmes received from outside sources, remains a valuable addition to our equipment.

Because of the availability of this equipment 23 major programmes were viewed at NATO Headquarters by 184 persons including the Secretary General, Delegations, high ranking members of the International Staff and of the International Military Staff, and other interested individuals.

MILITARY FILM FORUM

The second Military Film Forum was organized by NATIS in November, 1976, and was attended by twenty-five (25) representatives from ten countries of the Alliance.

In 1976, distribution and target audiences was the major topic on the agenda, but all aspects of film production were discussed as well as distribution.

A concrete example of production co-operation, as a result of the first Forum held in 1975, is the film "The Teamworkers" which was produced by NATIS with the assistance of camera crews and technicians from eight NATO nations.

These meetings have been found so useful that it was agreed similar meetings should be held every year instead of every two years as originally envisaged and the title was changed to "NATO Military Audio-Visual Working Group". This title has been approved by the MODIOS under CM(76)79.

I. DISPLAY

In 1976 our biggest exhibition efforts were concentrated in the United Kingdom.

The background for our activities in the UK was the International Air Tattoo 76 in aid of the Royal Air Force Benevolent Fund. A large NATO exhibition - 20 panels - was sent to England at the Beginning of June. Before the exhibition was shown at the International Air Tattoo (Greenham Common, Newbury) it was also presented at the Open Day arrangement in RAF Mildenhall, Suffolk. More than 30.000 attended the Open Day. A much bigger crowd came to the Air Tattoo.

Another special display event for 1976 was a NATO-STANAVFORLANT/STANAVFORCHAN exhibition, shown at the keystone in Ghent in connection with the first ever visit to Ghent of STANAVFORLANT/CHAN. The display was seen by a large number of people, including many schoolchildren on conducted tours. NATO films were shown and NATO publications handed out.

NATO displays were shown in many other places during 1976. The following list names the displays and the places they were shown.

II. VISUAL AIDS

In the visual aid field the production of NATO ball point pens, lighters, cufflinks, and NATO ash trays continued. 16 sets of NATO flags were produced. Much work was devoted to a new edition of the NATO Briefing Slide Set. This set will be ready during the first month of 1977.

III. PHOTO COVERAGES

As usual the Photo Office carried out a number of photo coverages during 1976, the two most important ones being the Spring Ministerial Meeting in Oslo and the December Meeting in Brussels. The total number of Photo missions were 25;
